PAVE Academy Charter School

Annual Cell Phone Policy Enforcement Report

2025–2026 School Year

In accordance with New York State requirements, PAVE Academy Charter School provides the following annual report regarding enforcement of its student cell phone policy during the 2025–2026 school year.

Cell Phone Policy Implementation

PAVE Academy is committed to maintaining a distraction-free learning environment and complying with New York State's cell phone law. All middle school students are required to turn in their cell phones, which are collected and secured during the school day. Elementary school students are required to keep their cell phones stored in their backpacks throughout the school day.

Disciplinary Actions

During the 2025–2026 school year, PAVE Academy reported **zero disciplinary incidents** related to violations of its cell phone policy.

Demographic Data and Disparity Analysis

Because no students received disciplinary consequences for violations of the cell phone policy, there is no demographic disciplinary data to report. No disparities in disciplinary enforcement were identified.

Mitigation Action Plan

As no disciplinary enforcement disparities were identified, a mitigation action plan is not required.

PAVE Academy will continue to comply with New York State's cell phone law and consistently enforce its policy to support a focused, safe, and equitable learning environment for all students.
